

# Investing for Success

**Under this agreement for 2022  
Forrest Beach State School will receive**

**\$35,452**

## **This funding will be used to**

To improve academic achievement of A/B students in English, Mathematics and Science through critical and creative thinking, and development of social and emotional wellbeing skills.

## **Our initiatives include**

Refine school moderation and data discussions to focus on "Aiming for an A" and collating year level exemplars aligned to the Australian Curriculum and Literacy Continuum.

Embed the Forrest Beach State School inquiry cycle process to personalise, differentiate and extend student learning:

- P-2 Early years reading and writing, and
- 3-6 Critical and creative thinking.

Develop a school coaching and feedback process using the co-assess, co-plan, co-reflect and co-teach model with a focus on developing high expectations teaching (Rubie-Davies, 2014).

## **Our school will improve student outcomes by**

Purchase replacement staff to provide release time for moderation and data discussions, the inquiry cycle process and, coaching and feedback model.

**\$35,452**
